

## About Mediseal

Mediseal GmbH is an internationally active company specialising in the development, design and manufacture of blister, stickpack and sachet machines, as well as cartooning solutions and complete packaging lines for the pharmaceuticals and cosmetics industry.

Over 80 years, Mediseal has acquired unequalled know-how in both dosaging and packaging of solids, powders and paste products. The focus is always on the customer's requirements in terms of pharma security, technologically sophisticated system design and cost-effectiveness.

Mediseal is part of Medipak Systems, the Pharma Systems business area of the international Körber technology group. Medipak Systems unites internationally successful enterprises with locations in Germany, Switzerland, the Czech Republic, the USA, Brazil and China and offers a single source for software, materials, machines and technologies for the production, inspection and packaging of pharmaceutical products: these include Pharma Manufacturing Execution Systems, the development and production of standard and special folding boxes, innovative packaging and inspection machines, and solutions for the traceability of medicines. Medipak Systems unites the companies Dividella, Fargo Automation, Mediseal, Rondo, Seidenader Maschinenbau and Werum IT Solutions. Approximately 1,700 employees worldwide work for our company. Körber unites around 11,500 professionals in industry-leading companies worldwide, achieving annual earnings of 2.3 billion Euros.
